HSS SAW BLADE MILLING CUTTER

name	cutting Ø D	wide L	hole Ø d	teeth
saw blade milling cutter	40	1-10	13	According to customer's request
saw blade milling cutter	50	1-10	16	According to customer's request
saw blade milling cutter	60	1-10	16	According to customer's request
saw blade milling cutter	75	1-10	22	According to customer's request
saw blade milling cutter	80	1-10	22	According to customer's request
saw blade milling cutter	100	1-10	27	According to customer's request
saw blade milling cutter	125	1-10	27	According to customer's request
saw blade milling cutter	150	1-10	32	According to customer's request
saw blade milling cutter	160	1-10	32	According to customer's request
saw blade milling cutter	200	1-10	32	According to customer's request

HSS SLOTTING MILLING CUTTER

name	cutting Ø D	wide L	hole Ø d	teeth
HSS slotting milling cutter	40	1-10	13	According to customer's request
HSS slotting milling cutter	50	1-10	16	According to customer's request
HSS slotting milling cutter	60	1-10	16	According to customer's request
HSS slotting milling cutter	75	1-10	22	According to customer's request
HSS slotting milling cutter	80	1-10	22	According to customer's request
HSS slotting milling cutter	100	1-10	27	According to customer's request
HSS slotting milling cutter	125	1-10	27	According to customer's request
HSS slotting milling cutter	150	1-10	32	According to customer's request
HSS slotting milling cutter	160	1-10	32	According to customer's request
HSS slotting milling cutter	200	1-10	32	According to customer's request
